The Honorable Harry W. Shlaudeman

Buenos Aires, Argentina

Dear Sir:

I am inquiring about any new information that might now becoming available on the whereabouts or death of Daniel Bendersky, a native of Buenos Aires, Argentina at Nazca 3370 IOA (1417). He was allegedly abducted from his home on September 16, 1978 and there has been no news of him since.

His parents, Jose' and Fanny Bendersky, have made hundreds of inquires, but to no avail.

I recently discovered that I am a distant relative of Daniel and am extremely interested in his case.

Any news, good or bad, would be extremely appreciated.

Very truly yours,

Joseph Bendersky
